

50 mm. Measure it: if it is not 50 mm, print again at 100% (Actual size).

How to read it: the bold name next to a control is what it does from the home screen. Its other jobs sit beyond it in lighter type, each led by how to reach it: HOLD, LONG, 2× = hold it, press it long, press it twice. FX+ = hold FX, then use this control. WITH OCT+ = press it together with OCT+. AGAIN = press it again on the home screen. ELSE = on every other screen. A name and a colon (ENV:) = on that page. Key names run along the keys: the upper row above the keybed, the lower row along the front edge.

Fart Machine One V1.0.0

Mapped from Fart Machine One V1.0.0 (784347a), 2026-10-17. The names for each job are Les's own short wording, from Les's control map of this firmware.

Every control's main job is here (FX, SEL, ENV, LFO, EDIT, GLO, HOME, SAVE, ARP, SEQ, OCT-, OCT+, ALGORITHM, PRESETS: no job of its own, left blank), and 0 more; 8 more did not fit and are left off (Les knows them all). Cut on the solid lines. The dashed line is the case edge, 161.5 x 96.5 mm.
